DO THE NT ~ GO TO A BETTER PLACE NOW

The Northern Territory encompasses a variety of contrasting landscapes and experiences divided into regions - each with their own distinct personality.

The Top End of the Northern Territory is known for its tropical weather, rich indigenous culture, great fishing, famous sunsets, national parks and laid back lifestyle.

It is home to an eclectic mix of cultures whose outdoor lifestyle is complemented by brilliant sunsets, fantastic fishing and a colourful calendar of outdoor events.

Darwin is the Northern Territory's multicultural capital, famed for its markets and festivals, Asian cuisine and beautiful natural harbour. It is also the perfect base from which to explore the natural treasures of World Heritage listed **Kakadu** and Litchfield National Parks as well as the Tiwi Islands and **Arnhem Land**.

Kakadu National Park, the largest national park in Australia is approximately 3 hours from Darwin on the Arnhem Highway. Renowned internationally for its natural and cultural wonders, **Kakadu** has one of the highest concentrated areas of Aboriginal rock art sites in the world.

Further south, the **Katherine** region is a vast network of rivers, escarpments and gorges that weave through sprawling plains of cattle stations, national parks and reserves. In Nitmiluk National Park, the mighty **Katherine** River slices through towering sandstone cliffs to form the world famous **Katherine** Gorge. Here you can canoe, kayak or enjoy a sunset dinner cruise through the gorge.

Alice Springs is a welcoming outback town and popular centre for adventure activities. While you're here, explore Alice's rich and diverse art scene and intriguing outback history. Once you've set up a base in Alice, discover what lies beyond as you head out into a diverse and fascinating region filled with so many things to see and do.

Hike, climb and cycle your way through the chasms and craters of the MacDonnell Ranges, or cool off with a refreshing swim at one of the many natural waterholes, pack a picnic for the perfect day trip. Four-wheel drive the expansive Simpson Desert in the southeast. Travel west to the Finke Gorge National Park for the desert oases of Palm Valley and Finke River, or head north to Halls Creek and Gemtree. Rainbow Valley, 1.5 hours to the south, reveals a shifting palette of sandstone colours throughout the day - be sure to visit at sunrise or sunset when the colours of the rock appear to change - a photographer's dream.

Located 4.5 hours south-west of Alice Springs, **Uluru-Kata Tjuta** National Park is home to the world-famous **Uluru/Ayers Rock** and the 32 weathered rock domes known as **Kata Tjuta/The Olgas**. The sight of these extraordinary ancient natural wonders glowing and appearing to change colour at sunrise or sunset is an unforgettable natural show.

Explore **Uluru/Ayers Rock** by taking to the skies in a helicopter, or up close from the walking track at its base, or climb onto the back of a camel for a truly unique experience at sunrise or sunset. Learn more about the local flora, fauna, bush tucker, ancient paintings and the Dreamtime stories of this Anangu sacred site on an Indigenous Cultural tour. The Anangu people are **Uluru's** traditional custodians and have lived in the area for at least 22,000 years. Stop in at the Cultural Centre to purchase their distinctive art, or watch craft demonstrations.

Ancient and monumental, **Kata Tjuta/The Olgas** soar above the desert, some domes taller in height than **Uluru**; challenge yourself to the 7.4 kilometre Valley of the Winds walk for spectacular views over the desert plains.

There has never been a better time to visit the Northern Territory, with so much to see and do no matter which region you chose to visit.

We are also happy to advise pricing and itineraries for your preferred airline and all categories of air travel.

AIR

Travelling by air to the Northern Territory from interstate and overseas is a breeze. Modern, well-equipped airports are located at Darwin in the north, and in the red centre at Alice Springs and Uluru. The Territory is serviced by major international and domestic airlines, providing passengers with easy access to destinations across the Northern Territory from almost anywhere in the world. Well-maintained, sealed highways provide the most direct routes between the Northern Territory with cities in South Australia, Queensland and Western Australia. For the adventurer, there are plenty of less-direct (and varied road surfaces) to choose from.

RAIL

The Ghan, one of the world's great train journeys, is by far the most romantic way to travel to the Northern Territory. Named after Afghan cameleers who traversed the route long before the train line was built, The Ghan travels an epic 2,797 kilometres (1846 miles) between Adelaide and Darwin, stopping en-route at Alice Springs and Katherine.

BUS

Despite the vast distances, travelling to the Northern Territory by bus (coach) is easy and affordable. Major coach and tour companies run coach services between transport hubs in the Northern Territory and destinations in Western Australia, South Australia and Queensland. Major routes include Darwin-Broome, Adelaide - Alice Springs, and Townsville - Alice Springs/Darwin (via Tennant Creek). Connecting services provide access to towns across the Northern Territory and to other interstate destinations.

CRUISE

Embark on an opulent adventure and arrive in the Northern Territory aboard a luxury cruise ship. Darwin is a popular destination for ocean cruise liners, and for Holidays of Australia clients it is the disembarkation and embarkation point for the growing number of cruises exploring the Top End.

CLIMATE

The Top End, which includes Darwin, Katherine, Kakadu and Arnhem Land, has a tropical climate, and has two distinct seasons, the 'Wet' and the 'Dry'.

The Wet season spans from November until April and is characterised by increased humidity followed by monsoonal rains and storms. Temperatures typically range from a minimum of 25C (77F) to a maximum of 33C (91F), and humidity levels can reach in excess of 80%.

While weather conditions at this time of year can restrict travel to some areas, the Wet season is a stunning time to see the Top End. Waterfalls tumble, skies host incredible light shows, and the landscape turns a lush green.

The 'Dry' season, from May until October, is characterised by warm, dry sunny days and cool nights. Temperatures typically range from 21C (70F) to 32C (90F), and the humidity levels are much lower: around 60-65%.

Central Australia, which includes Alice Springs, Tennant Creek, the Barkly Tablelands and Uluru/Kata Tjuta regions, has a semi-arid climate. The area experiences Australia's four typical seasons: summer, autumn, winter and spring, with large variations in temperature from season to season.

In summer (December-February), average temperatures range between 20C (68F) and 35C (95F). In winter (June-August), the average temperature range is 3-20C (37-68F). Spring and autumn in Central Australia see warm days and cool evenings.
